Vaccine and Immunization Clinics Announced

Door County Public Health continues to adjust and shift our focus and practices to meet the needs of our residents and expectations of our role in the health and well-being of our community. As the number and severity of COVID cases decline, the number of residents seeking COVID-19 immunizations is decreasing and in order to preserve our resources, we are modifying our COVID-19 vaccine and regular immunization clinic schedule beginning in July.

Door County Public Health will hold one clinic per month for COVID-19 (Pfizer) vaccine for those age 12 and older. The scheduled dates of these clinics are Tuesdays, July 19th; August 9th; and September 13th from 1:00 pm to 4:00 pm at the Government Center, 421 Nebraska St. Sturgeon Bay. Appointments are preferred, walk-ins will be accepted.

Door County Public Health will continue to provide routine childhood and general adult immunizations on Wednesdays in our office located in the Government Center. These appointment times will vary. The COVID-19 vaccine (Pfizer only) for children aged 6-month to 18-years will also be available during these weekly clinics. Due to limited resources and demand for COVID-19 infant (age 6 months to four years) vaccination series, the available Wednesday clinic appointment times for this vaccine may be limited. Those interested in receiving the new pediatric vaccine may also contact their established health care provider/clinic to schedule the infant vaccination series.

Clinic appointment times on Wednesday will vary. We are requesting that the public call to schedule an appointment for any immunizations at this clinic by calling Door County Public Health at 920-746-2234.

To schedule an appointment, if you have questions or would like more information, please contact Door County Public Health at 920-746-2234. Our office hours are Monday – Thursday 7:00am – 4:30 pm and Fridays 7:00am – 11:00 am.
